Republicans Plan to Fight League.

National Court of Justice May be Taken Into the G.D.P. Campaign.

It is to Tell Attitude at Indianapolis Meeting on August 28.

PHILIP KINSLEY, (BY A. P. NIGHT WIRE.) WASHINGTON, Aug. 20.—The Indianapolis meeting of the National Court of Justice, which the Republicans will seek to effect the Wilson administration admitted today that it was not a party to the Root plan, and that it was not a party to the Root plan, and that it was not a party to the Root plan.

It was explained that the reform will not necessarily extend to abolition of racing and absolute prohibition, but gambling is to be stopped, according to a Mexican Embassy statement tonight.

De la Huerta also has ordered restoration of the Federal tax laws in Lower California, setting aside all the taxation imposed by Cantu, who derived much of his district's revenues from specially imposed taxes, among them a heavy impost on export cotton.

## NOTED: MEN :: STUDY :: FAR EAST :: PROBLEMS.

Back from the Orient, Bankers Give Their Views to America.

Frank A. Vanderlip.

NEW YORK, Aug. 20.—[Exclusive Dispatch.] Problems of the Far East, as they affect the United States, as well as other nations, have been given a thorough study by Frank A. Vanderlip, former president of the National City Bank of New York, and Thomas W. Lamont, of the banking firm of J. P. Morgan & Co.

Mr. Vanderlip has been presenting these impressions in articles, while Mr. Lamont has been doing a great deal of public speaking.

Mr. Vanderlip delivered principally into the troubles of Japan, while Mr. Lamont was in China. He is the originator of the consortium of nations, designed to aid China financially and help wake up the "Sleeping Giant."

Mr. Vanderlip says that the Japanese admit military blunders in their use of troops in China, but believes that they are willing to carry out their every pledge regarding the restoration of China's sovereign rights in the Shanghai Peninsula.

He also asserts that China never has answered Japan's requests for a conference in an effort to settle the commercial matters involved.

Mr. Lamont believes that the future of China depends largely upon the people of America, and the other countries concerned in the consortium of the nations concerned.

He gave these views at a luncheon of the council of foreign relations at the Bankers' Club in this city.

Some parliamentarians, including Atty-Gen. Thompson, contended that today's action was final.

When the House met, Speaker Walker was in a position to move reconsideration of the amendment.

Atty-Gen. Thompson contended that Walker's failure to act today settled the question of reconsideration, and that the resolution now was ready for engrossing and certification to Washington.

Others, however, maintained that the motion stood on the journal as a matter of record and unacted upon, and that to remove all doubt it must be disposed of.

The suffragists today, by a vote of 49 to 47, defeated a motion of the opposition to adjourn until Monday afternoon and then forced adjournment only until tomorrow morning at 10 o'clock.

Walker has a chance to win on the vote planned tomorrow on his motion for reconsideration, should he persuade at least two suffragists to desert their leaders.

## RUSSIA DECLARES ALLIANCE IS NEEDED TO SAVE EUROPE FROM ECONOMIC DISASTER

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, Aug. 20.—The need of a Russo-German agreement "to save Europe from an economic catastrophe and chaos" is emphasized in a wireless message from Moscow, published in the London Times today.

Following announcement that Leon Trotsky, Bolshevik Minister of War, has visited East Prussia and conferred with German staff officers, the Times says the wireless dispatch is significant. The message says there is hope Germany will soon conclude a political and economic convention with Russia.

"The soviet hopes thus expressed," says the Times, "strengthens the belief that Moscow and Berlin already have reached an understanding. Kopp, the soviet Ambassador to Germany, recently visited Moscow to submit the terms of an agreement which he had negotiated."

POLES RETAKE BREST-LITOVSK.

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, Aug. 20.—The Poles have taken Brest-Litovsk, according to a Warsaw dispatch dated Thursday.

The dispatch says three Bolshevik divisions were annihilated in the operations around Warsaw.

## GOV. SALAZAR ASKS AID OF NEWSPAPERS

New Executive of Baja California Seeks Co-operation of the Press.

[EXCLUSIVE DISPATCH.]

CALEXICO, Aug. 20.—The following statement was issued by Gov. Salazar tonight:

"Last Thursday, August 19, I took charge of the affairs of the government of the northern district of Lower California, attaining in this way a new and worthy triumph for the republic, whose conciliatory policy of peace has given such good results."

"After the solution of the grave local crisis, which threatened and endangers the life of our country, the territory has returned to its normal life of work and tranquility and all the progressive citizens of the district will help to maintain this state of affairs. For that purpose I ask the co-operation of the honest press, the fourth estate, whose suggestions, being freely will facilitate my task in this government and will contribute to the progress of this rich territory."

[Signed] "J. M. SALAZAR, Governor."

## Knights Greeted by Thousands at Metz, Lorraine.

[BY CABLE AND ASSOCIATED PRESS.]

METZ (Lorraine), Aug. 20.—Fifty thousand citizens from Metz and all parts of the Province of Lorraine lined the streets leading to the railway station and the station square itself as the special train carrying the Knights of Columbus delegation pulled in today.

School girls from all Catholic schools in Metz were at the station with flowers. They sang a song of welcome while Prefect Mancoron greeted Supreme Knight James A. Flaherty.

Gen. Belcher and the knights visited Fort St. Quentin, overlooking the city, where Bishop Fell of the Metz diocese, pointing to Metz, said: "The Americans had more to do with delivering our beautiful Metz than any other country, save France."

## Harding to Meet a Delegation of Californians.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 20.—Announcement that Tuesday, September 14, has been set as the day on which Senator Harding will receive a delegation of California Republicans to the White House.

The Californians will start Thursday, September 9, and the party will be under the direction of the Harding-Coolidge Business Men's Club of this city.

A list of questions will be presented to the nominee by the delegation to determine his stand on the Japanese immigration problem in the West, the tariff, and reclamation and irrigation subjects.

## SILVER ADVANCES IN LONDON.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, Aug. 20.—Silver advanced 2 1/2 pence in the local market today, owing to the small amount of the metal offered and the fact that China continues to send fast-sold buying orders. The amount of business transacted was small.

## BELIA OCCUPIED.

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, Aug. 20.—The Temps announces today that the French government has received advice that Polish troops have occupied Belia, twenty-five miles west of Brest-Litovsk.

Gen. Budenny's soviet cavalry, however, is progressing in the direction of Lemberg, the sector from which the Poles withdrew troops to reinforce the northern front, the Temps says.

## RUSS TERMS FOR POLES.

Publish Bolshevik Demands.

Fifteen Articles Presented to Peace Delegation at the Minsk Gathering.

Independence and Liberty of Polish Nation is Fully Recognized.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, Aug. 20.—The terms submitted by M. Danilevsky, head of the Bolshevik delegates at Minsk, at Thursday's session of the Russo-Polish peace conference, are given in a dispatch from M. Tchitcherine, Bolshevik Foreign Minister, which was issued by the Russian delegation in London tonight.

Article I announces that Russia and Ukraine recognize in full the independence and liberty of the Polish republic, and solemnly confirm the full right of the Polish people to establish their own form of government.

In Article II Russia and Ukraine renounce any form of contribution, financial or military, to the Polish army in accordance with the note of Earl Curzon (British Foreign Secretary) with more territory east of Bialystok and Chelm.

ARMY REDUCTION. Article IV stipulates that the Polish army be reduced to 60,000 men, to be supplemented by civil militia, made up of workers, organized to preserve order and the population's security.

Articles V, VI, VII and VIII deal with mobilization of the military and industries and the prohibition on importations of war materials.

Article IX says hostilities will cease seventy-two hours after the signature of these terms, the armies remaining on the line occupied, but not east of the line indicated in Earl Curzon's note of July 11.

The Polish army will retire fifty versts (33 1/3 miles) west of the Russian line, and the intermediate zone will be declared neutral with Polish administration under control of mixed commissions and special commissions constituted by the trade unions.

REDS WILL RETIRE. Article X says that, simultaneously with the demobilization of the Polish army and the turning over of arms, Russian and Ukrainian troops will retire so that at the termination of Polish demobilization only 200,000 men will remain near the neutral zone.

Article XI deals with Polish restitution to regions formerly occupied of railway, agricultural material taken away by the Polish army, and the reconstruction of bridges by the Poles.

Article XII declares Poland must establish by law the equality of all citizens, in the first place to families of Polish citizens killed, wounded or disabled in the war.

Under Article XIII Poland would give Russia the right of free transit for men and goods through her territory, with the Volkovsk-Bialystok-Grajewo Railway remaining in full possession and control of the Russian republic.

Article XIV says Poland must grant complete political and military amnesty.

Article XV provides that Poland must publish the treaty and protocols immediately the treaty is signed.

## MANY ARE DROWNED IN JAPANESE FLOODS.

[BY CABLE AND ASSOCIATED PRESS.]

HONOLULU, Aug. 20.—Floods in which many persons were drowned and injured on the Island of Hokkaido, Japan, followed twelve days of heavy rain, according to cable advices from Tokyo today to the Nippon Jiji, Japanese language newspaper here.

## STIFF FIGHT FOR THE WHIP HAND

Mexican Congress Holds its Preliminary Session.

Many Factions Work to Gain Balance of Power.

Socialist Group Stamped in Constitution Squabble.

BY GEORGE E. HYDE.

MEXICO CITY, Aug. 20.—Congress held its first regular preliminary session today for the purpose of organization and consideration of credentials of which many are doubtful and likely to precipitate heated interparty discussions.

The session was opened by the president, who delivered a message in which he declared that the congress was called to order to discuss the constitution and to elect a president and vice president. He also mentioned the fact that the congress was called to order to discuss the constitution and to elect a president and vice president.

Extremes right, conservatives of the National Republican party, with a small representation.

OBREGON GROUP.

Next the Obregon group of Liberal Constitutionalists, form a majority favorable to the government. Next, the Liberal Co-operative party, a small faction of liberal independent, containing many elements re-elected from the Carranza congress, and the party from which the principal opposition to the government is most likely to emanate.

Next, the extreme left, a Socialist group, composed of labor and agrarian elements and Socialists from Yucatan.

SOCIALISTS BREAK.

The Socialist group broke away from the Co-operatives during a hot caucus and determined to organize its own group for the specific purpose of upholding those articles of the constitution which have been considered objectionable to foreigners and large landholders. During the first session, the group was made on the floor that capitalists, particularly of the petroleum interests, already were using money in a huge lobby intended to subvert the Congress and obtain the repeal of Articles XXVII and CXXIII of the constitution.

Speakers pointed out that several deputies of other groups belonged to the capitalist class which makes their adherence to any other party impossible.

FACTION DIVIDED.

The Obregon faction itself is divided with a small, but powerful representation from Sonora, which is making an effort to dominate the session. As a result of alleged tampering of the party has been christened "the tank."

Political leaders predicted today an effort to reorganize the old Liberal party, on the floor, by the segregation of many of the younger independent, who are not wholly sympathetic to the programs of any of the groups.

McKay Refuses Farmer-Labor Party Honors.

SALT LAKE CITY, Aug. 20.—Donald D. McKay, president of the Utah Farm Association and member of the Utah Legislature, returned to his home in Salt Lake City today after having been selected for Governor by the Farmer-Labor party of Utah.

When he recovered from his astonishment he immediately wrote the State manager of the party that he had no intention of running for office, and would have nothing to do with the organization.

He declared in his statement that he had been repeatedly honored by the Democratic party of Utah and proposed to continue his allegiance to the Democratic ticket, State and national.

McKay is the second choice of the Farmer-Labor party in this State to decline a nomination, Asst. Attorney General having declined a nomination for Attorney General earlier in the week.

Aviators Killed as Plane Falls in Texas Field.

SAINT ANTONIO (Tex.) Aug. 20.—Second Lieut. Irving G. Stenson and Cadet Everett D. Burton were instantly killed when their airplane fell in a cornfield a few miles from the city. They were returning to their hangars at Kelly Field.

The cause of the accident has not been determined.

Fire almost destroyed the airplane and the bodies were scorched by flames.

VALUABLE MAIL POUCH IS STOLEN IN CHICAGO.

THIRTY-SEVEN GRAB BAG, CONTAINING \$100,000 FROM MESSENGER AND ESCAPE.

CHICAGO, Aug. 20.—A mail pouch believed to contain money and valuables worth \$100,000, was stolen today by two men from the One Hundred Eleventh street station of the Illinois Central railroad.

The robbers escaped in an automobile.

The money was shipped from the Merchant's Loan and Trust Company to a Pullman bank to be delivered tomorrow to cash checks of the Pullman company and the Sherwin Williams factory. The \$100,000 was in bills of small denominations.

Police reports say that when the bag was given to a messenger at the depot he turned it over to one Wilgus, a 13-year-old boy, to watch. Then an elderly man wearing brown glasses, seated in the bag from Wilgus's hand and leaped into a waiting automobile, piloted by a young man. The two disappeared in the direction of Chicago.

## POLES CAPTURE BREST-LITOVSK.

(Continued from First Page.)

have captured Vilna, their former capital, from the Russians, was received today by Jonas Vileisis, Lithuanian representative in the United States.

BELOIAN STAND SCORED.

PARIS, Aug. 20.—A train carrying 800 horses from France to Poland was stopped at the Belgian frontier, although Poland had given assurances the animals were for use in agricultural work, according to a Brussels dispatch.

The Belgian newspapers express disapproval of the government's attitude, the dispatch adds.

FRENCH CONGRATULATED.

Congratulations to the French diplomatic and military missions in Poland for the part which they played in the victory of the Polish armies, have been sent to the French Minister at Warsaw by Premier Millerand.

In another telegram, addressed to J. J. Jusserand, head of the French mission, the Premier asks that congratulations be offered to Gen. Plaskowski, for the glory with which the Polish army has just covered itself.

"France," says the latter message, "which always had faith in the patriotism of the Polish people, welcomes with joy a victory saving Poland and assuring the accomplishment of her historical destiny."

COMMAND SATISFIED.

It is considered that French and Polish co-operation in the command now has reached a satisfactory stage. J. J. Jusserand and Lord D'Abernon, respectively the heads of the French and British missions to Poland, have returned to Warsaw from Posen for a conference with Gen. Weygand and the Polish staff.

The situation at Danzig is still causing worry, but it is expected to be cleared up within a few days. The Polish army is now on the way there, and will arrive and offer Sir Reginald D. Lloyd George, allied high commissioner at Danzig, sufficient forces to permit unloading of Polish munitions.

PEACE CONFERENCE.

PARIS, Aug. 20.—The second sitting of the Russian-Polish peace conference at Minsk took place Thursday. A summary of Russia's position was communicated to the Poles.

They were substantially the same as those the Russian delegation published in the Moscow press.

Stated orders for the conference agreed upon. Towards the end of the session the Russians proposed an agreement to the Poles' efforts to drag the negotiations, the statement says.

TERMS OF REDS.

The terms laid down by the Russian government for an armistice with Poland, as set forth by Lloyd George by the Russian delegation in London August 19, were:

1. The strength of the Polish army to be reduced to one annual contingent of 40,000 men, together with a small force of command and an army of administration to aggregate 10,000 men.

2. Demobilization of Polish army to consist of one month.

3. All arms, excluding those needed for the army forces specified, to be handed to Soviet Russia and the Czarist.

4. All war industries to be demobilized.

5. No troops or war material to be allowed to come from abroad.

6. The line of Volkovsk, Bialystok and Prazmovo to be placed fully at the disposal of Russian troops for commercial transit to and from the Baltic.

7. Land to be given free to the families of all Polish citizens who were wounded or incapacitated in the war.

8. In return Russia offered to withdraw troops from the Polish front simultaneously with the Polish demobilization, and to reduce considerably the number of troops on the Russian frontier line.

9. The final frontier of the independent state of Poland would, in the main, be identical with the line indicated in the note of Earl Curzon, the British Foreign Minister, of July 16, Russia stipulated, however, that additional territory should be given Poland on the east.

10. SERB FORCES HEAVY.

PARIS, Aug. 20.—A wireless message from Scutari, Albania, to the Times, states that fierce fighting is proceeding north of that place between Serbs and Albanians, and that Serbian regiments, in their defense of Tarabosco, yesterday lost 250 dead and 250 prisoners.

It adds that a revolution has broken out at Kertovo and the Albanian government has called 60,000 to the colors.

TURK FORCE GATHERS.

ATHENS, Aug. 20.—Mustapha Kemal Pasha, Turkish Nationalist leader, is reported to be concentrating in the vicinity of Erzerum forces made up of Tatars and Turks, with a sprinkling of Bolsheviks from Baku.

The reports describe him as determined to continue his attacks on Greek outposts.

FRANCE GIVES MEXICO RECOGNITION TERMS.

PARIS, Aug. 20.—The French government has made known to Felix P. Palavicini, Mexican envoy to France, the conditions which must be fulfilled by the present Mexican government if it wishes to be recognized by France after the elections to be held in September. The conditions are:

First—Indemnities for Frenchmen killed in Mexico and also reimbursement for damages done to the businesses of French nationals.

Second—Restitution of cash reserves taken from French banks.

Third—Renewal of payments of interest on the Mexican debt to France.

TO LEASE HOG ISLAND IF BIDS ARE TOO LOW.

WASHINGTON, Aug. 20.—Hog Island shipyard at Philadelphia may be leased if satisfactory offers for its purchase are not received. Chairman Benson of the Shipping Board said tonight that the leasing question was being considered.

Housing projects are earning a 4 per cent on the investment, he added.

## SENTIMENT IS MUCH DIVIDED.

Oregon is Split on Japanese Exclusion Question.

Governor's Special Agent Submits His Report.

Finds Most Anti-Nipponese Among Middle Class.

EXCLUSIVE DISPATCH.

SALEM (Or.) Aug. 20.—There is a marked division of sentiment through Oregon on the Japanese question, according to a report just submitted to Gov. Olcott by Frank Davey, special agent employed to gather data on the Japanese situation for the executive office.

Probably a majority of the people deprecate and oppose Japanese settlement, but some are silent on the subject, not desiring to arouse Japanese resentment. Davey's report declares a goodly number excuse or favor the Japanese, saying that so long as Americans will not work the land, it is better to have someone producing the things that are needed than to let the land lie idle.

SPIRIT OF TOLERANCE.

Among merchants, bankers and conservative business men, Davey's report continues, there is a strong spirit of tolerance toward the Japs and a belief that there is no particular menace to our interest or civilization in the entrance of a limited number of them and of their participation in the pursuits of their choice.

In opposition to this sentiment Davey found a strong antipathy against the Japanese among small farmers, mechanics, laborers and skilled classes in general. A large part of this antipathy, he declares, is racial and does not depend upon economic facts.

DON'T WANT THEM.

Referring to this spirit of antipathy the report says:

"In its crude form it is expressed in the emphatic pronouncement: 'We don't want any Japs in this country at all.'"

"Those who give reasons for that verdict say that the Japanese cannot become a part of American life socially or as logical citizens, because their lines of thought, purpose and aspirations are Japanese, their standards of living are not ours, their commercial purposes are in the interest of Japan and of the United States. Also their national sympathies are the same way, their methods are crafty and deceitful, they are leeches upon our national body, sucking its best blood and poisoning the body upon which it feeds."

Police Rude With Auto Spooners in the Windy City.

CHICAGO, Aug. 20.—The North Park police have been making life miserable for automobile spooners in Lincoln Park during the last few days.

According to Capt. Charles E. Shaw, there's entirely too much spooning in the park and it must be stopped.

"These spooners are getting to be a nuisance," says the captain. "They park their cars in a dark spot and draw the curtains. It's got to stop."

The police have hauled in as high as twenty-five spooners in one night. The specific charge is that they park their cars in the park and turn out their headlights.

Aged 101 Years, Woman Will Use Suffrage Right.

EXCLUSIVE DISPATCH.

BOSTON, Aug. 20.—Miss Anne Stone, at the age of 101 years, does not intend to allow the new day for women to pass without having her way and has registered for the right to vote in November.

At the home in a dark spot and draw the curtains. It's got to stop."

The police have hauled in as high as twenty-five spooners in one night. The specific charge is that they park their cars in the park and turn out their headlights.

LEPER'S DEPORTATION A COSTLY PROCEDURE.

COAST AUTHORITIES HAVE TROUBLES GALORE WITH TRANSPORTATION.

SEATTLE, Aug. 20.—Deportation of a leper woman, Avika Kapello Bradanova, 33 years old, the first case of this kind in this district, was announced by the immigration office. The case extends over a period of nearly four years and has cost the government thousands of dollars.

The war over and transportation available, authorities began preparations to send Avika back to Austria. At first no railroad company would agree to take the woman. Finally a company accepted her, but would not furnish a special car. So arrangements were made with the Pullman Company direct and a coach secured.

Then permission from the public health service for each state through which the car would pass must be obtained, which at length was accomplished. Sunday morning Avika left over a northern route.

Twenty-five separate fares had to be bought to pay for the special car alone, and two nurses, a doctor and an officer had to be sent along with the woman.

MARYLAND CONVICTS RIOT IN PENITENTIARY.

FIFTY PRISONERS ON 'HUNGER STRIKE' FINALLY SUBDUED BY FIRE HOSE.

BALTIMORE (Md.) Aug. 20.—More than fifty "hunger strikers" started a riot in a territory of the Maryland penitentiary early today. The men tore out the electric lights and with the building in darkness, started a two-hour demonstration.

Breaking out of their cells, the men, though unable to get out of the building, set up a general racket that policemen had but little success in quelling because of the darkness. When streams of water were played upon the men they quieted down.

The demonstration resulted from a strike a few days ago, of prisoners who declared they would not work unless given better food. The warden declared any man who would not work could not eat. All but about fifty of the men went to work.

## NEWLY-CREATED ARMY OFFICES ARE FILLED.

Chiefs Named for Waterways Service Bureau and Chaplains.

Brig-Gen. Frank T. Hines.

Col. John T. Axton.

WASHINGTON, Aug. 20.—[Exclusive Dispatch.] Brig-Gen. Frank T. Hines has been appointed as head of the new Bureau of Inland and Coastwise Waterways and Col. John T. Axton is the new chief of chaplains. The offices both are newly created ones, the former by an act of Congress and the latter through the Army Reorganization Act.

Gen. Hines had complete charge of the overseas transportation of the army during the war and later was chief of the Bureau of Transportation. His work in the war made him eminently fitted for his new post, army officials say.

Col. Axton's duties include investigations into qualifications of candidates for appointments as chaplains and general co-ordination and supervision of the service medal man. Col. Axton twice was awarded that decoration in May, 1919, for exceptional service in organizing and administering numerous welfare activities connected with ports of embarkation. One of his epochal enterprises was the building at Camp Merritt, N. J., of Grant Hall.

NEW LETVIA LEGATION.

IMMIGRATION AUTHORITIES DETAIN OFFICIAL AT NEW YORK DESPITE PROTEST.

NEW YORK, Aug. 20.—Alfred Nagel, who bore credentials from the Minister of Foreign Affairs of the new Republic of Latvia, showing him to be duly appointed secretary of the proposed legation in Washington, was held by immigration authorities when he arrived today with his wife, on the Swedish steamer Drottningholm.

Orders to hold Mr. Nagel came from Washington, according to immigration officials, who declined to say if they originated with the State Department.

Mr. Nagel exhibited with his credentials a passport which had been issued by the American Consul at Riga.

Mr. Nagel said he would appeal to Mrs. Nelson Morris, American Minister to Sweden. Nagel claimed formerly to have been "head of the Russian bureau in the American legation at Stockholm."

WASHINGTON, Aug. 20.—No official report of the detention of Alfred Nagel bearing credentials as Latvian Secretary of Legation by New York immigration authorities had reached Washington today. As Latvia has not been recognized by the United States, however, officials said, her diplomatic representatives were subject to the ordinary immigration restrictions.

## NAVY SOON WILL BEGIN OIL SEARCH.

Lease Applications for California Fields Are Not Coming in Fast.

By Robert B. Armstrong.

EXCLUSIVE DISPATCH.

WASHINGTON, Aug. 20.—Unless there are enough applications for leases in the two naval reserves located in the heart of the California oil fields, the Navy Department will undertake to drill on these lands itself.

This is the final decision reached by the department, subject to the applications for leases the final day for filing, which is August 25.

For many months the Navy Department officials in charge of oil supplies for the Navy have been endeavoring to have control of the situation, without any intervening middleman or producer. Now they see a chance to take the saddle and insure a direct control of the oil needs of the Navy, particularly on the west coast, where they have resorted to commandeering supplies when prices tendered were, in their judgment, too high for the Navy to pay.

Preliminary figures have been prepared to show cost of developing the operating wells, and the department will immediately undertake the production and storage of naval fuel before winter.

Regardless of the lease application, the Navy predicts that the department will immediately undertake the production and storage of naval fuel before winter.

FRENCH SOUVENIRS FOR MARINE CORPS.

FOURRAGERS, NICKNAMED "CIGAR LIGHTERS" TO BE DISTRIBUTED TO VETERANS.

EXCLUSIVE DISPATCH.

WASHINGTON (D. C.) Aug. 20.—Twenty thousand "cigar lighters" or "telephone cords" as the A. E. F. knew the fourragers of the French army, were received today at the headquarters of the Marine Corps for distribution among members, past and present, of the Fifth and Sixth Marines and the Sixth Machine Gun Battalion of the Marine Brigade of the famous Second Division.

As the A. E. F. rechristened the glorious fourragers from its striking resemblance to the cigar lighters in vogue with the Poliss, and its resemblance to that part of the prosaic telephone with which central plugs in to cut the wrong number or the always "busy" individual.

Men who have passed out of the ranks of the Marines into civil life and the next of kin of those who were killed, will receive their decorations through the Marine Corps recruiting service.

RISE SUBMARINE WRECKS SCHOONER.

NEWPORT, Aug. 20.—The old schooner Itasca of Boston was struck by a submarine which was coming to the surface, outside this port today. The schooner was lighted and the next of kin of those who were killed, will receive their decorations through the Marine Corps recruiting service.

Her crew, with a fair wind, sailed her into the inner harbor and came to anchor, before she settled and went over on her side.

The submarine is believed to have sustained no damage.

SOVIET CAPITAL APPEARS NORMAL.

Whole Country Stripped to Supply Moscow.

Heavy Traffic by Street Cars, Autos and Carriages.

Prices Preclude Purchases Except by Speculators.

BY CABLE AND ASSOCIATED PRESS.

HELSINGFORS, Aug. 19.—Of all the cities a traveler sees in crossing Russia, Moscow seems to present an appearance the nearest to normal. The whole country contributes to its upkeep. From as far east as Irkutsk, the shelves of shops have been stripped of supplies and manufactured articles, while even the household goods to well-to-do individuals have been shipped to the soviet capital, and the city also houses the war booty taken by the Bolsheviks after they occupied Siberia.

Puring a brief stop in the city whence he was deported to Finland, the Associated Press correspondent was particularly impressed by the busy aspect of the thoroughfares.

Upon entering Moscow one notes immediately the appearance on the street of a large number of well-dressed pedestrians. There also is an animated traffic of street cars, automobiles and carriages. Parks and gardens are well kept.

ONLY FEW STORES OPEN.

Only a few stores are open in the city, there being block after block of dirty shop fronts, long used in the past for posters of Bolshevik propaganda. Markets and bazars are open, however, and it is possible in such places to buy a great variety of food, including meat, white bread, fruits and sugar.

Many reports of the condition of Russian cities are exaggerated. One, in the effect that Moscow's trees have been cut down and wooden buildings red, certainly seems untrue. In Moscow, like the entire country from Irkutsk to Petrograd, is in a frenzy of wood-chopping in preparation for winter.

The picture of Moscow which an American correspondent sees is a censored view obtained while being piloted about by a Bolshevik interpreter. Without this attendant, the correspondent could not leave the Bolshevik guest house. The official continually probes visitors for their impressions. It is apparent that behind the curtain of appearances is the real Moscow. The well-dressed propaganda, markets and bazars, it is said, are soviet officers and commissars and their friends or favorites.

The street cars, which seem to be operating normally, serve to transport wood, grain, hay and groups, as well as the usual passengers. The automobiles are the property of the government.

SPYGLASSERS RISK ARREST.

The banners give a fairly accurate insight into the real life of Moscow. There a thousand speculators, made up of clerks, workmen and soldiers, daily risk arrest for trading in supplies other than the black bread, sour cream and cooked grain, which the government issues.

Prices preclude purchases, except by speculators.

**JAPANESE BIRTH RATE INCREASES**  
**No Notable Gain in the Adult Population.**

**Believe Those Entering Oregon Come Illegally.**

**Gradually Acquiring Lands, Says Investigator.**

(BY A. P. DAY WIRE)  
SALEM (Or.), Aug. 20.—The adult Japanese population of Oregon has not increased greatly in the last ten years, although there has been a noticeable increase in the birth rate among Japanese, according to a report filed today by Frank Davey, Salem, acting as a special investigator of the Japanese situation for Gov. Olcott. Davey's report credits Federal immigration authorities with the view that what Japanese adults are coming into Oregon are apparently entering the United States illegally.

Throughout the State Japanese are gradually acquiring lands, the report states. In Portland, it says, Japanese are obtaining a firm hold in business circles, asserting that 90 per cent of the smaller hotels and lodging-houses are in their control.

**GIVES OCCUPATIONS**  
The report will be placed in the hands of a Congressional investigating committee which recently visited the Pacific Coast, Gov. Olcott said today.

The report gives the total Japanese population of the State as 4164, of whom 2831 are men, 862 women, 417 boys under 16 years and 524 girls under 16. The mercantile business, farming, railroad employment and mill work are their main occupations.

The report asserts that 350 Oregon farms are owned by Japanese. They are said to own 2185 acres of land and to have under lease 7911 acres.

**SPIRIT OF TOLERANCE**  
"Among merchants, bankers and conservative business men," says Mr. Davey, "there is a strong spirit of tolerance toward the Japanese and a belief that there is no particular menace to our interests or our civilization in the entrance of a limited number of them and of their participation in the pursuit of their choice."

In opposition to that, there is a strong antipathy against the Japanese among small farmers, mechanics, laborers and salaried classes in general.

**SACRAMENTO, Aug. 20.**—Gov. Stephens today appointed H. Stanley Benedict of the State Board of Control to outline the Japanese situation in California before the conference of western governors at Denver, August 25.

Benedict wrote the Board of Control's report to Gov. Stephens, outlining the oriental situation in this State.

(BY A. P. DAY WIRE)  
WASHINGTON, Aug. 20.—Lady Astor, first woman member of the British Parliament, today added her felicitations to those received by the Woman's party.

"Women's quality of moral courage is essential in public life to help the growth of better social and international relations," her message said.

Ellen Key, Swedish author and feminist leader, cabled: "Sisters, use your enfranchisement in the noble spirit which made Susan B. Anthony great in the struggle."

Olive Schreiner of South Africa, another woman writer, cabled: "Hearty congratulations. All women unite to labor for peace and universal brotherhood."

"Be united, dear friends, especially after this deserved victory," Countess Maria Laschi of Italy said. "More than ever appears in the world the necessity of woman's work and influence to rescue morals and humanity."

**GIRL ADMITS THEFT CHARGE ON WEDDING DATE; SENTENCE SUSPENDED.**

(RECEIVED DISPATCH)  
SEATTLE, Aug. 20.—Cupid, confronted yesterday by the unfeeling dictates of a court of law, was in a tight place. The cold walls of the Seattle court house were about to imprison one of his subjects. But something save way, somewhere.

Ruby Wright, alias Ruby Rose, 29 years old, is in love. Yesterday was the day set for her wedding. She also was charged with grand larceny, and on the bridal date the complaint was filed in Superior Court. In lieu of \$1000 bail Miss Wright remained in jail. She was alleged to have stolen some jewelry from Mrs. Helen Hanks.

She appeared before Judge John S. Jurey, was arraigned and pleaded guilty. Deputy Prosecutor McCullough recommended a suspended sentence. The court acquiesced, suspending a term of from one to ten years.

Miss Wright is to marry James Cantow, a mechanic. The ceremony will occur within the week.

**TRAINED TEACHERS NUMEROUS IN STATE.**

**CALIFORNIA LEADS THE UNION, SAYS SUPERINTENDENT OF INSTRUCTION.**

(BY A. P. NIGHT WIRE)  
SACRAMENTO, Aug. 20.—With figures from only three counties missing, statistics compiled by Sam H. Cohn in the office of Superintendent of Public Instruction Will C. Wood show there are 14,924 school teachers employed in California.

Of this number, 1168, or 7.8 per cent, are graduates from colleges, and 10,691, or 72 per cent, are graduates of normal schools.

Wood declared that California has a larger percentage of trained teachers than any other State in the union.

**PERFECTS ARMY REORGANIZATION**  
**Presidio Headquarters of the Ninth Corps Area.**

**Maj.-Gen. Hunter Liggett is Named as Commander.**

**Includes Eight States and Territory of Alaska.**

(BY A. P. DAY WIRE)  
WASHINGTON, Aug. 20.—The War Department announced today the State groups composing the Army corps areas established in accordance with provisions of the new Army bill and the headquarters of each area. They include:

Ninth Corps Area, to embrace the States of Washington, Oregon, Idaho, Montana, Wyoming, Utah, Nevada and California; headquarters at Presidio of San Francisco. The Territory of Alaska will be attached to the Ninth Corps Area.

For purposes of mobilization and other emergency maneuvers, the Ninth Corps area will be grouped into three army areas, the first three corps areas forming the first army area, the next three the second, and the seventh, eighth and ninth, the third.

**COMMANDERS NAMED.**  
Commanders of the corps areas were announced as follows: First Corps Area, Maj.-Gen. David C. Bullard; third, Maj.-Gen. Adelbert Cronkite; fourth, Maj.-Gen. John R. Hines; fifth, Maj.-Gen. Joseph P. B. Hines; sixth, Maj.-Gen. Joseph P. B. Hines; seventh, Maj.-Gen. Joseph P. B. Hines; eighth, Maj.-Gen. Joseph P. B. Hines; ninth, Maj.-Gen. Joseph P. B. Hines.

Maj.-Gen. Charles H. Muir has been assigned to command the Fourth Division and Maj.-Gen. John L. Hines, the Fifth Division. New appointments are:

Philippine Department, Brig.-Gen. Charles G. Treat; Hawaiian Department, Brig.-Gen. Joseph E. Kahn; Panama Department, Brig.-Gen. Edwin B. Babbitt; South Atlantic Division, Brig.-Gen. John H. Johnson Hagedorn.

**OTHER ASSIGNMENTS.**  
Other important army assignments announced were those of Maj.-Gen. William C. Haan, Brig.-Gen. Harry Jervey and Brig.-Gen. Dennis E. Nolan to be assistants to the Chief of Staff and members of the War Department General Staff and Maj.-Gen. William M. Wright to be director of the supply division and executive assistant to the Chief of Staff. Maj.-Gen. Haan was named director of the war plans division, Brig.-Gen. Jervey director of the operations division, and Brig.-Gen. Nolan to be director of the military intelligence division.

**FATHER O'KEEFE SEEKS RECOVERY OF \$4000 ALLEGED TO HAVE BEEN LOANED.**

(RECEIVED DISPATCH)  
NEW YORK, Aug. 20.—Mystery surrounds the suit of the Reverend Father O'Keefe of Hastings-on-the-Hudson for \$4000, which he says he loaned to Lord Frederick George Eden Auckland, sixth Irish baron of the name.

He says Lord Auckland and his mother were his guests in 1915. She undertook to paint some pictures for his church in payment for their board. The pictures were never finished, he alleges. While there Lord Auckland, the priest says, borrowed the money. Afterward he told the priest he regarded the money as a gift.

"No money whatsoever has passed from Father O'Keefe to Lord Auckland," said a man speaking for Lord Auckland. "An important witness, who knows just who got the money, is in Australia and his testimony will be taken by deposition."

It is intimated that the money was given by Father O'Keefe to Lord Auckland, said a man speaking for Lord Auckland. "An important witness, who knows just who got the money, is in Australia and his testimony will be taken by deposition."

**HELD IN CONNECTION WITH A PLOT TO ASSASSINATE PREMIER VENIZELOS.**

(BY CABLE AND ASSOCIATED PRESS)  
ATHENS, Aug. 18.—Among the new arrests because of the attempt to assassinate Premier Venizelos and the alleged plot to restore former King Constantine to power, is that of Col. Calomenopoulos, a leader of the Nationalist movement. The investigation continues to produce evidence that at least some royalists here were aware that an attempt to assassinate the Premier would be made, and that it was intended simultaneously to overthrow the government, fire the signal and arrest or kill the Cabinet officers.

**HIGH WAGES TAKING BOYS FROM STUDIES.**

(RECEIVED DISPATCH)  
KANSAS CITY, Aug. 20.—High wages are drawing many boys away from school before the completion of their education, and the situation that is resulting is full of serious consequences for the country, according to John T. Wayland, director of the government savings organization of the Tenth Federal Reserve District.

"With the school boy of today being met face to face by his chum, who has quit school and engaged in work for which he is often paid more than college graduates received a few years ago, it is being found difficult to induce the boy to continue his education," said Mr. Wayland.

"When the question of high wages is mentioned the first thought to enter the mind of the youth is 'why should I study any more time in the school room?'"

**Part of Room Swept by Fire; Skeletons in Ruins.**

(RECEIVED DISPATCH)  
DURANGO (Colo.) Aug. 20.—What is apparently the shrine of the prehistoric residents of the San Juan basin, which includes the famous Mesa Verde National Park and the cliff dwellings there, has been uncovered by Prof. Earl Morris and Dr. Clark Wissler, who have charge of the excavation work in the Aztec ruins near Aztec, N. M.

Dr. Wissler is curator of anthropology for the American Museum of Natural History of New York. In an interview today the doctor said:

**SERPENT IN CEILING.**  
"There is not much in the holy room, the sacred objects having been removed from the altar. A sacred serpent carved in wood over the ceiling still remains. This serpent is thirty inches long and is of the finest workmanship."

There are several other rooms that will be excavated under direction of Prof. Morris. They seem to have some relation to the holy room, but it will be impossible to decide exactly until the excavations are completed.

**FIND FEW SKELETONS.**  
The greater part of the west side of the ruin is now excavated and from a distance it is possible to see the immense complexity of walls, made of cedar and stone, and the quaint doorways, peculiar to all Aztec ruins.

The greater part of the east and north sides appear to have been swept by fire, the ceilings of the original dwellings were made of cedar logs plastered over. When the excavations were made great charred masses and a few skeletons were found.

**Revoked After Hasty Meeting of City Fathers.**

(RECEIVED DISPATCH)  
FAYETTE (Mo.) Aug. 20.—Blue laws which would have warned the cockles of the heart of the staunchest Puritan father have been relegated to the discard by the Fayette City Council, all because of the conflicting interests of the Chautauqua and the picture show.

For several years a ban has been in existence here on Sunday baseball, Sunday motion pictures and all other bait that might deplete attendance at the Chautauqua. A special session of the City Council was called recently to consider the ordinance which would prohibit the Chautauqua and the picture show.

This week the advance agent of the Redpath Vawter Chautauqua arrived in town and sought to sell season tickets. Monte Crews, who owns the only motion-picture show in Fayette, served notice on the City Council that he would protest the Sunday Chautauqua performances. Members of the Council and business men, who had guaranteed the success of the Chautauqua, suggested that the Chautauqua substitute a cheaper performance Sunday night for the big band attraction. Part of the plan was to charge no admission.

But Crews, who had been denied the privilege of giving a free show Sunday night, informed the Council he would hold it to the strict letter of the laws it had enacted.

The Chautauqua agent and members of the Council met in hurried consultation. A special session of the town legislators was called. There could be only one outcome. The "blue Sunday" ordinance was revoked.

MRS. GRAY GIVES HER TESTIMONY

Had Forgotten What Good Health Was Like.

Now Restored After Ten Years of Suffering.

Gives Tanlac Credit for Wonderful Change.

"I have taken only two bottles of Tanlac but its truth, my troubles that made life miserable for me for ten years, have entirely gone," was the emphatic statement made recently by Mrs. Mary C. Gray, of 1634 West Thirty-ninth Place, Los Angeles.

"I guess I had just about as bad a case of stomach trouble as anyone can have, and it had bothered me so long I had forgotten what it was to ever feel well. My appetite was fairly good, I mean by that I could eat, but it seemed that every bite gave me indigestion. The gas on my stomach was awful and it caused bloating, nervous palpitation of the heart. About seven years ago rheumatism set in in my shoulders, legs and joints and it got so bad that at times I could hardly walk or move about at all. The rheumatism spread to my arms and my elbows and wrists began to pain me awfully. This alarmed me and I realized that something had to be done before it was too late.

"I decided to try Tanlac to see if it would help me like it seemed to be helping everybody else who tried it. By the time I finished half of the first bottle I felt a great relief, and that encouraged me, so I kept taking it. I now feel better than I have at any time during the past ten years. The pains have all gone and I never feel even so much as a trace of the rheumatism now. My digestion is just splendid and everything I eat tastes good and agrees with me perfectly. I feel stronger and more energetic than I have in many years and am glad to do all I can to tell others about Tanlac."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Store, and by Irwin's Drug Store, Redondo Beach.

HOTEL OWNERS BUY PROPERTY.

New Project Planned by Crown City Men.

Municipal Plant Makes Very Fine Showing.

Fear Despondency Cause of Boy's Death.

(LOCAL CORRESPONDENCE.)  
PASADENA, Aug. 20.—Stephen W. Kovacs, son-in-law of D. M. Linnard, hotel man of international fame, and A. J. Bertoni, formerly associated with Mr. Linnard in the conduct of his ten great hotels, today completed the details of the purchase of a piece of land, which added to what they already own, gives them a total frontage of 1000 feet on Grand avenue, one of the most exclusive residential streets in Pasadena. It is to be used as an extension of the Hotel Vista del Arroyo property, recently acquired by the two men.

The fact that they were so intimately associated with Mr. Linnard before he disposed of his hotel interests in Pasadena, gives rise to the report that Mr. Linnard himself is interested in the project. Because of the acquisition of 1000 feet frontage in this fashionable neighborhood, the belief is freely expressed that the Vista del Arroyo company, which already has one of the most attractive, though not one of the largest, hostels in the city, plans to erect one of California's biggest and most notable resort hotels.

CITY PLANT PAYS.  
The past year has been the most prosperous in the history of the municipal light department, according to the annual report of Manager C. W. Kolner, submitted to the City Commission today. After charging all operating expenses, debiting the property with interest, and a liberal charge of \$50,418.32 to cover depreciation, there is left \$117,096.89, which is carried to surplus. Of this sum, \$95,543.13 was from regular operation, \$15,498.78 from rent of power plants, \$5430.31 from interest on Liberty Bonds, and \$633.70 from miscellaneous income. Net earnings on the depreciated value of the property, including stock on hand, accounts receivable and cash, or the total assets, are given as 12.44 per cent, as compared with 10.52 per cent last year. The report declares that the saving to people of Pasadena through the operation of the plant during the thirteen years of its existence amounts to \$1,895,385.

ASK FOR OPINIONS.  
Without firing guns or record either for or against the open shop, the Pasadena Merchants' Association is sending letters to its members, asking them to express their views in regard to the proposition. If a majority is found to support principles of the open shop it is expected the organization will take a determined stand in favor of these principles.

FEAR FOR BOY'S SAFETY.  
P. J. McNulty, Pasadena police officer, fears that his 13-year-old son, Edward, who disappeared from the family home, 477 Tooten Place, last Monday evening, has committed suicide as a result of despondency caused by the recent death of his mother. He has had frequent fits of melancholia, since Mrs. McNulty passed away in March, and while he said nothing of his sorrow to the father, Mr. McNulty has learned from boy friends that Edward frequently told them how lonesome he felt now that his mother was dead. The police department is sending a description of the youth all over the Southwest, with a plea for assistance in finding him. He is 5 ft. 8 in. in height, weighs 170 pounds, of light complexion with blue

VALUABLE ESTATE.

SAN FERNANDO, Aug. 20.—The estate of E. D. Roberts, former State Treasurer and banker, who died from effects of an operation two weeks ago, is valued at approximately \$500,000, according to evidence filed in court here by Mrs. Maud Adams Roberts, the widow, as executrix.

Robert's will, which was written in 1910, bequeathed the estate to his widow and two daughters, Mrs. Marie Roberts Kamm of Los Angeles, and Mrs. Louis Roberts Kamm of San Francisco.

ANNUAL PICNIC.  
Between 750 and 800 persons gathered at the Greek theater last night to hear one of the best programs which has ever been given at any lodge celebration, according to opinions of many who were present. The occasion was the annual moonlight picnic of the Ypsilon chapter of the Theta Xi Fraternity, which was held last night at the Greek theater.

VICTIM OF ASSAULT.

Mrs. M. Patterson of East San Pedro was assaulted by an unknown man, here Thursday night, as she was on her way to her home. She was accompanied by her 4-year-old son, and their screams frightened the man, who made his escape after knocking them both down and securing \$2 and a book of ferry tickets from the woman's purse.

BUILD BIG TANKERS.  
Reports were confirmed today when it was announced that the Southwestern Shipbuilding Company had been granted the contract for three oil tankers for the Anglo Saxon Petroleum Company. They will be of the 8500-ton type. They also have a new order for a 1500-ton tanker for the Union Oil Company, in addition to two 10,000-ton ones already ordered. Besides this program they are constructing a tanker for themselves.

Schools and Colleges

NOTICE TO PARENTS

San Diego Army and Navy Academy

THE Academy has enjoyed for years the recognition from the Colleges and the War Department; it is the University of California's "Class M" a real military school; its graduates, appointed, are exempted from the regular examination at West Point.

The deep heart interest in a boy, the fellowship, the great amount of individual attention given the student, the Academy's atmosphere and absolute freedom from outside influences—these are some of the features that appeal to red-blooded young Americans and their parents.

For full information and beautiful booklet, address Capt. Thos. A. Davis, Pasadena, California.
